LOOKING FOR WARSHIPS

That Can be Bought in Case of an Emergency.

THE INQUIRY IS HALF DONE

National Guards are Everywhere Recruiting—What New York Can do in the Way of Troops.

By Wire to THE TELEGRAM.

Washington, Feb. 23.—The navy department is looking over the list of warships which might possibly be bought from the various governments with a view to their probable purchase in case of war or an emergency.

COURT OF INQUIRY.

Havana, Feb. 23.—The members of the court now inquiring into the cause of the Maine disaster will leave here on Saturday for Key West. Gen. Lee will probably return with them. The court expects to have covered half of the ground of the investigation by this evening.

NATIONAL GUARDS RECRUITING.

Washington, Feb. 23.—The national guards are recruiting all over the country. The most patriotic reports have been received each from state, particularly from those in the south.

COMMANDERS IN CONFERENCE.

Albany, Feb. 23.—Maj. Gen. Rowe, commander of the national guard of New York, had a long conference with Captain Miller, commanding the naval reserves, who came from New York for that purpose. They report that New York can mass 13,800 men in ten hours.

GEN. MERRITT COMES SOUTH.

His Trip Regarded as of Importance at Washington.

By Wire to THE TELEGRAM.

New York, Feb. 24.—Major General Merritt of the department of the East left today for the inspection of the coast defenses along the Atlantic coast south of New York. The route will include Atlanta, Mobile, Pensacola and Savannah. Through his aids it is announced that the trip was for the regular annual inspection.

WORK TOO SLOW.

By Wire to THE TELEGRAM.

Washington, Feb. 23.—General Merritt's trip south has caused something of a sensation among army officials who believe that his mission is of far greater importance than the regular annual inspection. It is stated by those in authority that the work of fortification along the southern coast is not progressing as rapidly as is desired.

"Judge" Tom Matthews.

Everybody knows Tom Matthews, whose handsome and smiling countenance can almost at any time of day or night be seen behind the counter in the Benbow office. Tom will hereafter be dubbed "Judge" Matthews, and this is how it all came about:

Tom was at all times about his morning looking as wise and dignified as he usually does, when a citizen hailing from High Point or vicinity, walked in, pulled off his hat and addressing Tom said: "Judge, may I speak to the chief-of-police of High Point a minute? I guess he's in here somewhere."

The man thought he was in the court room, and strangely enough, we suppose he thought that he was addressing Judge Robinson. Of course Mr. Matthews, always accommodating, gave the man permission to speak to the chief if he could find him.

May Buy a Horse Truck.

The Greensboro Fire Department have sold their old hand hook and ladder truck, and are contemplating buying a new aerial truck. Since the old one has been disposed of it is now a necessity that a new one be bought, and the department will do right in purchasing a first-class apparatus. With the addition of a new aerial horse truck the Greensboro fire department will be second to none in equipment.

British Ship Wrecked.

Vineyard Haven, Mass., Feb. 23.—The British ship Asia, Captain Dakin, from Manila, for this port, is supposed to have been wrecked on Nantucket shoals during the recent storm and the entire crew of probably twenty men have perished.

The bodies of a man and a little girl were received from a portion of a floating hull near the Handkerchief lightship this afternoon by the tug E. V. McCauley.

NOTES FROM HIGH POINT.

The Local News from Our Neighbor Briefly Told.

TELEGRAM BUREAU.
HIGH POINT, N. C., Feb. 23, '98.

The Graded school exercises at the Presbyterian church yesterday were attended by a large and appreciative audience. The program was a good one and was well rendered. The book reception last night in the Graded school building was a complete success, there being 33 valuable books placed in the school library and \$27.85 in cash, which together equals about 100 books. The program in the evening was very tastefully gotten up, and the teachers who had charge of these little ones deserve much credit. The idea of donating the books or their equivalent, on invitations was a happy success. By it the books presented and those that will be ordered are the kind so much needed and desired.

Mrs. B. J. Fisher and children passed through this morning enroute to her home in Asheboro.

A. V. Sapp left this morning for Greensboro to be present at the trial of the thieves who broke into his store.

Mrs. N. E. Allred left today for Greensboro where she will spend a few days visiting friends and relatives.

Dougan Davio is spending the day in Greensboro.

O. C. Wysong, of Greensboro, is in the city today on business.

The Standard Oil Company has sent a new delivery wagon here, and two large tanks will be erected at once.

The Seventh Day Adventists will hold meetings at Jarrell's Hall Friday, Saturday and Sunday. Everybody welcome.

Miss Annie Tomlinson, one of Archdale's bright young daughters was in the city yesterday.

The colored Graded school celebrated Washington's birthday last night with an appropriate program.

Misses Eva and Mable Heitman and Miss Eva Williams, who have been spending a few days at their homes in Trinity, passed through this morning returning to the Greensboro Female College.

W. T. Parker, of Archdale, passed through this morning enroute to Raleigh on business.

Miss Bell Raper who has been at home for a few days returned to Greensboro Female College yesterday.

At Guilford College.

Correspondence Telegram.

Guilford College, Feb. 23.—The young ladies of the Philagorean Literary Society will give an entertainment in King Hall next Saturday Feb. 26th. A very interesting program has been prepared and those present may expect an enjoyable and profitable time. A short play under the mysterious name of Chronothanetron, will occupy most of the program. Music will be another feature. Miss Elsie Weatherly, of Greensboro, will aid in the music with a violin solo. The public is cordially invited to attend, no admission will be charged.

Mr. Kennedy who has charge of the school at Summerfield, was here for a short time Sunday.

Frank Plummer, of Archdale, made a short visit to the college this week.

At Bennett College.

Communicated.

The students of Bennett College rendered a program last night in the college chapel in commemoration of George Washington's birthday. D. D. Turpeau read a fine paper on the religion of Washington.

W. B. Windsor delivered an oration, subject, "Washington the Man," and when he told of an occasion on which Washington was addressing his officers and pulled from his pocket a paper and said: "Gentlemen you will permit me to put on my spectacles for I have not only grown gray but almost blind in the service of my country," the audience demonstrated the fact that the Afro-Americans love and honor the name of George Washington. After the conclusion of the program the assembly was changed to a social.

Has Estimates.

By Wire to THE TELEGRAM.

Atlanta, Feb. 23.—The war department has on file reports from all southern railways giving estimates as to the quantity of munitions of war and number of men they can move in a given time on short notice.

ALLEN STIRS UP WAR TALK

When Both Sides Prefer to be Silent

PROCTOR GONE TO MEET LEE

Latter's Information Too Important for Cipher—Naval Militia Locating Signal Stations.

By Wire to THE TELEGRAM.

Washington, Feb. 23.—Senator Allen attempted to introduce a resolution today to have the senate investigate the Maine disaster, and made a strong speech in favor of it. This would stir up war talk and will go over until tomorrow. The senate will attempt to prevent a debate, as it is felt by both sides that now is a time for silence.

PROCTOR AT JACKSONVILLE.

By Wire to THE TELEGRAM.

Jacksonville, Feb. 23.—Senator Proctor, former secretary of war, has been sent here by the President to meet Consul-General Lee who will arrive on board the Cushing today or tomorrow. Lee's information is regarded as too grave to be entrusted to a cipher code. Senator Proctor arrived quietly this morning. A special train for Key West awaits him.

LOCATING STATIONS.

By Wire to THE TELEGRAM.

Jacksonville, Fla. 23.—Under orders from Adjutant-General Houston, the naval militia of this city will leave tomorrow on a military mission and will proceed down the coast to locate signal stations at available points. The corps will be called into immediate service.

SURVIVORS OF THE ASIA.

Relate How That Ill-Fated Vessel Went Down.

By Wire to THE TELEGRAM.

Provincetown, Mass., Feb. 24.—The tug Mercury arrived today, bringing news and three of the crew of the British steamer Asia, rescued yesterday. They were taken from a piece of wreckage almost frozen. So soon as they could talk they said the Asia struck the great round shoal off Nantucket during the gale on Monday. Captain Dakin, his wife and daughter are supposed to have perished together, with 14 of the crew.

Laborie Denounces the Minister.

By Cable to THE TELEGRAM.

Paris, Feb. 23.—M. Laborie continued his plea for Zola today saying that the minister had lied. He severely denounced high officials for condemning Dreyfus. There was a great uproar in the court room when counsel made the charges.

Raising the Maine.

By Wire to THE TELEGRAM.

New York, Feb. 23.—An officer of the Merritt wrecking company said today that work is being pushed as rapidly as possible to raise the Maine.

Alger in Charge.

By Wire to THE TELEGRAM.

Washington, Feb. 23.—Secretary Alger returned today and took charge of the war department.

He Smiled.

Hon. Steve Clay, of Georgia, passed through Charlotte this morning returning from Marietta. He was asked by a reporter of the News about the political situation of Georgia, and especially about the candidacy of Rev. Sam Jones. To these questions Mr. Clay was silent, seemingly infinitely more pleased to speak of the cool weather and the horrible fate of the battleship Maine. However, he could not help smiling when the reporter seriously spoke of the candidacy of the Rev. Sam.—Charlotte News.

Attack on Annexation.

The question of the annexation of Hawaii was forced upon the attention of the house this afternoon by Representative Johnson of Indiana. Having by previous arrangement secured an allowance of half an hour of time from Mr. Cannon pending the consideration of the sundry civil appropriation bill, Mr. Johnson took the floor late this afternoon and began a bitter attack upon the treaty of annexation.—Washington Star.

ACTION OF COMMITTEE.

Resolutions Adopted in Meeting Last Night.

The democratic state executive committee met in Raleigh last night and adopted the following resolutions: "Resolved, first, Whereas the democratic organization of North Carolina is a part of the national democratic organization and whereas this committee is the custodian of the interests of the said organization in North Carolina, resolved that the committee endorse the patriotic address of our national chairman, Hon. James K. Jones, seeking to unite the silver forces in the impending congressional contests.

"Resolved, second, That the chairman of our executive committee be requested to call a state convention to meet in Raleigh on the 26th of May, 1898, which early convention has supreme authority and will shape all matters of party policy.

"Resolved, third, That in accordance with the resolution heretofore adopted, all white electors who intend to vote with us in the next election and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina, are cordially invited to participate in all of our primaries and conventions."

FOOLISH MISSIVE TO EULATE.

One of Our Perverts Sends "Sic Semper Tyrannis" to Him.

In the first mail delivered at the Spanish consulate yesterday morning was a package addressed to "Capt. Antonio Eulate; commander Spanish warship Vizcaya, New York city." The package was about two inches long. It was done up in writing paper. When the wrapper was removed this was found written on the inside of it: "Sic Semper Tyrannis!"

The package was opened by Senor Suarez, the venerable secretary of the consulate. When the old gentleman read the writing on the inside of the wrapper, he handled the package very gingerly. The wrapper of a small wooden box was disclosed. The cover of the box was sealed. Senor Suarez broke the seal carefully and found inside a small metal coffin, painted green. On the top of the coffin was a cross. Inside the coffin was a tin pig, having tied to it a piece of paper on which was written, "Capt. Eulate." In the head end of the coffin was a spring by pressing which one might have the happiness of running the point of a needle into his thumb. When the device was shown to Capt. Eulate he laughed and said "Ah," which means the same in Spanish as in English.—New York Sun.

The Vizcaya Coaled and Watered.

New York, Feb. 22.—The Lehigh Valley coal barges were towed to the Vizcaya today, and their cargoes transferred to the man-of-war. The vessel needed coal and Captain Eulate decided to take on board a supply here. The water boat Croton, also visited the Vizcaya and filled her tanks with fresh water.

The coal for the Vizcaya came from the Baltimore & Ohio Railroad terminus at St. George. It was loaded in the barges yesterday under the inspection of men from the United States navy, and last night the barges were watched by a navy tug.

Wooden Wedding.

The home of Mr. and Mrs. G. W. Denny was a bright and merry scene last night, it being the occasion of their "wooden wedding." Music for the occasion was furnished by the Greensboro orchestra, and as usual the young men acquitted themselves admirably. An elegant supper was served at 10 o'clock. After a few parlor games the guests departed at midnight.

AUTONOMY IS A FAILURE

General Lee So Reports to the President.

WORSE THAN UNDER WEYLER

Holland Sub-Marine Torpedo Boat to be Completed in Response to a Hurry-Up Order.

By Wire to THE TELEGRAM.

Washington, Feb. 23.—Consul-General Lee has reported to the President that autonomy in Cuba is a dismal failure. The report which is detailed and elaborate shows that Spain has failed utterly in her efforts to provide a new government and that so far as the civil government is concerned conditions are even worse than when the potentiality of Weyler was the dominating force.

THE NEW SUB-MARINE BOAT.

Baltimore, Feb. 23.—The Holland sub-marine torpedo boat, being built here, will be completed this week in response to the secretary's orders received from the government at Washington.

Scurvy at Dawson City.

Dawson, N. W. T., February 18, via Victoria, B. C., February 22.—Scurvy has developed among the miners to such an extent that there are now seventeen cases in the public hospital. It is estimated that there are from twelve to fifteen cases in private cabins, swelling the whole number to thirty. Precautionary measures are being taken to prevent the spreading of the malady.

Mr. C. M. Vanstord had his little girl's eyes examined in Baltimore last year and went with the prescription to one of the largest and best known optical houses there to have the glasses made up. FORTUNATELY one of the lenses got broken recently and was carried to the Greensboro Eye Specialist to be replaced. He saw at a glance that neither lens accorded with the prescription, and so changed them both. Mr. Vanstord sent the old lenses with an explanation to the oculist who had given the prescription and in reply received the following:

WEDNESDAY, FEB. 23, 1898.

You can get the telegraphic news twelve hours earlier in THE TELEGRAM than in any paper that gets into Greensboro, and for four dollars a year less.

Mr. Hancock has written the Governor a letter. Under the circumstances that was really a waste of energy.

The belief gains ground that the "accident" to the Maine will render necessary a revision of the current English dictionaries.

The next warship sent to Havana should at least be anchored far enough from the shore to be out of range of submarine accidents.

The officers of the Vizcaya will doubtless sound the bottom of New York harbor immediately under that ship for possible sources of accidents.

The time is not now far distant when the letters of the country correspondent will contain such startling items as this: The farmers of this neighborhood are busy plowing.

It will be noted that of those people offering their services to the government in case of war the Washington pig hunter does not make up a majority.

Senator Mason's declaration that he would be afraid to face a Spaniard unless there was an ironclad between them is not chiefly characterized by its poetry.

The declaration of the authorities that American warships in South American waters are coming north to avoid yellow fever shows a reassuring advance in diplomacy.

In adopting a platform for his gubernatorial race contrary to public schools the Rev. Samuel Jones is thoroughly consistent. In a land without schools, public or private, Mr. Jones would be a real power.

There is something a bit odd in the way that the Ewart nomination has been held up at the instance of Senator Butler. While the postponement of the confirmation once or twice was only a matter of senatorial courtesy when it comes to defeating the nomination on so mild a charge as lack of a "judicial mind," the courtesy theory must be discarded. It would seem that either Ewart is being secretly knifed by enemies in his own party with Butler as the instrument or the administration, through its pie department, wishes to dicker with Butler who would willingly play the Duke of Hesse.

Very little general interest attached to the meeting of the democratic state executive committee at Raleigh last night for the reason that the very little confidence is felt in the ability of the committee. The party in the state is in a really critical condition and therefore anything tending to ferment strife has been carefully avoided, but there is a strong undercurrent of disapproval of the present committee. It is generally conceded that it made the worst possible botch of the last campaign. It lessened respect for the democratic party by descending to dicker with Mr. Marion Butler at the eleventh hour and was ignominiously kicked out of the back door by that wily patriot as a reward.

General News in a Nutshell.

Los Angeles Cal., oil fields are producing about 500 barrels a day.

Bands of desperadoes are stealing sheep by thousands in New Mexico.

Milford, N. H., was shaken as if by an earthquake at 5:30 yesterday morning.

Cotton mill strikers at New Bedford Mass., are becoming restless, and trouble is threatened.

Storms were so severe yesterday that the telegraph wires between New York and Boston were down.

Over 29,000 men are affected by the Illinois miners strike and the coal market is badly crippled.

Henry White, United States Charge d'Affaires in London, attended the Prince of Wales' levee yesterday.

Of six armored vessels building in Great Britain for foreign Governments, Japan has an option on several.

The National Creamery and Butter Makers' Association began its sixth annual convention yesterday at Topeka, Kan.

While walking near his home at Clutis, Ore., Frank Van Pelt indicted for a murder, was shot from ambush and killed.

Democratic National Chairman Jones is said to have urged Frank J. Cannon's election as United States Senator from Utah.

Dudley Gerold lost his gambler's suit against Martin Rucker, in London to recover \$9190, which the latter promised to pay for losses at bacarat.

General von Gossler told the Socialist, leader, Herr Bebel, in the German Reichstag, that internal enemies would ultimately receive the same treatment as Germany's foreign foes.

Railroad workmen near Watertown N. Y., broke the ice in a creek to get a drink and found underneath the corpse of Hugh Fitzpatrick, a cheese maker, who lived near Philadelphia, N. Y.

On the ground that a trial of their case in Court would injure public morality indictments against Herbert Barnum Seeley and others in New York, for events at the Seeley dinner, were dismissed.

The John York Company, dry goods merchants in Chicago, Ill., have assigned to Isaac G. Loeber. Assets, \$100,000; liabilities, \$125,000. John York, the head of the concern, also made a personal assignment to the same assignee. His liabilities were placed at \$12,000 with no assets.

Men Available for Service.

In addition to what was stated as to the mobilization of the State Guard in case of a call into active service, it must be added that to the infantry force of 4,800 would be added about 200 artillerymen, and in such a case the section now at Charlotte would be made a complete 6-gun battery. The land force would be mustered into the United States service, while the Naval Reserves would be transferred into the Navy Department and mustered in by it. If more than 5,000 troops were called for new recruits could be quickly raised. The number of men available for military duty in this state approximates 230,000.—Col. Old's correspondence.

Customs Receipts Increase.

Washington, Feb. 21.—Secretary Gage pointed with a good deal of interest today to the fact that the customs receipts for the fiscal year at last have overtaken the receipts for the same period of the prior fiscal year.

The total receipts for this fiscal year today reached \$88,089,594, while for the same period of the last fiscal year the receipts were \$88,080,065.

Secretary Gage sees in these receipts with the income from other sources, an early cessation of the Government deficit.

Will Come to Raleigh.

Mr. John C. Angier, one of the promoters of the Cape Fear and Northern Railway, telephoned to the city yesterday from Cary that it had been decided to run the road to Raleigh.

Mr. Angier telephoned that the road would be built from Raleigh to Cary and then to Lillington.

At one time it was announced that the line would be from Durham instead of Raleigh.—Raleigh Post.

Superior Court.

The business proceeds very slowly in the superior court. The cases, in addition to those reported yesterday, so far disposed of are as follows:

State vs. Minnie Cress, Stella Holt and Sallie Bennett, charged with disorderly conduct; guilty. Sentence not yet passed. These are the three negro women who resisted arrest some time ago, one of whom chewed the fingers of Deputy Sheriff Crouch.

State vs. Will Wright, stealing cheese, guilty; 12 months on the county roads.

State vs. Will Jones, Tom Allen, Jerry Willerby, Carl Holt and Will Harston, charged with breaking in A. V. Sapp's store at High Point, is being tried as we go to press.

It Means Much.

The Telegram has from time to time called attention to the need of more manufacturing enterprises in Greensboro. Nothing places a town on a more solid foundation than manufacturing, for they bring about the circulation of money more effectually than anything else.

We are informed that before the Teague foundry was burned from five to seven thousand dollars was spent with that firm by just one concern in Greensboro. Since the destruction of this foundry this money is being spent abroad.

The foundry should be rebuilt and we believe there is a strong probability that it will be. We hope to see it again in successful operation. Such enterprises as this means much for Greensboro.

Let the Teague foundry be rebuilt and let other enterprises be talked of and worked for. Grab a spoke and help to turn the wheel.

A Select Attraction.

On Friday evening Feb. 25th, one of the most select attractions in the theatrical profession will be offered at the Academy of Music, in the shape of Augustin Daly's comedy "A Night Off" which has had a run of over one hundred nights in Daly's Theatre New York. It will be presented in identically the same careful manner as when originally produced by a company especially selected for this tour. Seats on sale at Gardner's drugstore.

"LET THE PEOPLE DO IT."

Words of Chairman Manly Which Have the True Ring.

Hon. Clem Manly, chairman of the State democratic executive committee, was here this morning returning home from Raleigh. In answer to a query made by The Telegram man, Mr. Manly who was about boarding the train said:

"We have called an early convention. May 26 is the date, and in that convention we propose to let the people who compose the democratic party speak and name the policy to be pursued. Then let everybody hold their peace and fight the battle under the banner unfurled by the party in convention assembled."

These words have the truering. They show that Mr. Manly and the committee recognize the wisdom of letting the party say what the party shall do. They recognize the supreme right of the party to define the party's policy. They recognize the necessity for united and concerted action.

The way to get this is to begin in the township primaries. In fact, there is where the work is to be done. There is where the people are all represented. There is where the people can all have their say and express their views. Let the primaries be not neglected. Put in your best efforts there, and see to it that men are sent to the county convention who will represent the will of the majority in the primary. Have no monkey work.

In the county convention carry out the same idea. Send men to the state convention, who, above all things, have a good, clean and progressive government at heart. Send cool-headed, deliberate and intelligent men—men who have the confidence of the people and who will faithfully represent their views.

Thus the people can be heard and thus the democratic party will show what it really is—of, by and for the people.
